2. Monitoring and evaluation of the action plan

In order to ensure rapid progress towards these outcomes the actions and KPIs will be monitored in the following way:

a. Academy based monitoring, including Trust Board

The school based lead for each of the AFDs in the plan will have overall responsibility for the implementation of the action plan for that priority. The lead will RAG the completion of the actions as follows:

- *RED: the action is not yet started and/or there is a high risk of slippage or non-completion.*
- *AMBER: the action has started though not yet completed, there is some slippage but not cause for concern.*
- *GREEN: the action is fully complete as specified*

Completion of the actions is intended to lead to the impact as outlined in the KPIs.

The Lead will RAG rate each area for the Head Teacher who in turn will grade the success measures and sign off on the accuracy of the impact assessment for the CEO and Trust Board.

b. Trust based monitoring

The CEO will receive a progress report on the action plans through Trust leaders. There will be an evaluation of progress towards the success measures of each AFD. On a cycle across each meeting the academy based leads will present the evidence of impact to the Head Teacher for scrutiny by Trust Leaders and Trust Board. The success measures will be RAG rated by the Trust Board based on a scrutiny of the evidence and data presented to the CEO and Trust Leaders.
